TOPIC 2:
Full Pathway Approach

Full Pathway Approach

Certiport offers a full complement of academic materials, including curriculum, practice tests, and performance-based certification exams.

Learn

Appropriate resources provide the foundation for both students and teachers in preparation for learning the product and passing the certification exam.

Practice

Instructors and students can measure learning objectives through practice tests and assessment tools designed to determine content mastery and skill. Practice exams are set up to give an accurate evaluation of student knowledge.

Certify

Certification testing proves real-world skill. Performance-based tests deliver a better indicator of real-world application and measure performance at a greater level than a simple multiple-choice exam.

Learning Resource

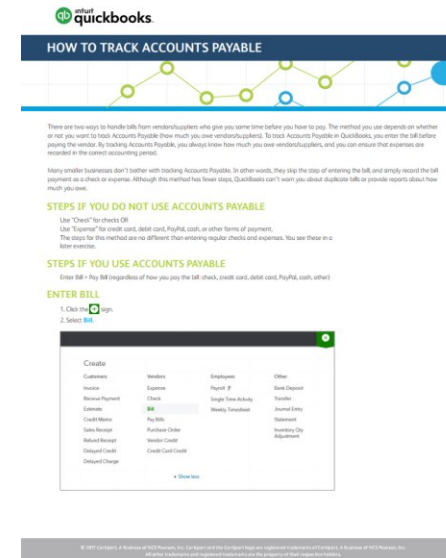

Preparing your students for certification is a big responsibility. Let Certiport make your job easier and more effective with acclaimed learning materials:

- LearnKey
- GMetrix Course

Learners can complete any combination of these resources, including a practice test, to prepare themselves for the certification exam.

Student and Teacher Workbooks (Student Portal) can be accessed at:

<https://www.gmetrix.net/Login>

Practice Tests

- Accurately replicates the testing environment to build confidence
- Enhance learning through self-paced and timed practice questions
- Build familiarity with the testing environment
- Increase confidence towards certification exams
- Offers testing and training modes to improve learning
- Better prepare students to pass certification exams
- Over 26 million practice tests delivered

Two Practice Tests Modes

Testing Mode

- Students experience the testing environment by performing scenarios similar to the actual certification exam

Training Mode

- Students work at their own pace as they receive feedback and step-by step instructions for each question.
